

Edward F. Gagnon, CPE, CPMM, CEM, CEA - Bio

e-mail – edgagnon78@gmail.com

Ed Gagnon is currently an AFE National Industry Director and Past Regional Vice President for AFE Region 8.

As a member of AFE Granite State Chapter 140 for the last 27 years, he has served as President, Treasurer, and Vice President and also as a board member at large.

Ed Gagnon is also the Treasurer for the US Green Building Council New Hampshire chapter and is a member of AEE and ASHRAE.

He graduated from Maine Maritime Academy with a BS in Marine Engineering and went into commercial shipping on the Great Lakes and deep sea for 4 years. He left the shipping industry and went into nuclear power for a few years, then into forest products, he then went into the paper industry working for paper mills as a plant engineer and worked for a paper industry engineering firm as a project manager for nearly 15 years.

Mr. Gagnon was a Facility Manager for BAE Systems, Inc., managing three of their defense manufacturing/testing facilities in southern New Hampshire, retiring in the summer of 2017 after a total of 39 years in the engineering fields.

He has a 1st Class Stationary Engineers license with the State of Maine, and holds Certified Plant Engineer (CPE) and Certified Plant Maintenance Manager (CPMM) certifications through AFE and Certified Energy Manager (CEM) and Certified Energy Auditor (CEA) certifications through AEE.

Ed lives in Franconstown, NH with his wife Nancy, has three grown children and two grandchildren.
